The Beatitudes: Living in Sync with the Living God

In our lives we have lots of experiences and numerous influences telling us the way things are and the way things should be. But how do we know those influences are right or if we are coming to the right conclusions based off of our experiences? The only way to know is to come back to the Word of God and get synced with the way that God says He made this world we live in and His design for the way we are to interact with each other. More often than not, the truth is completely upside down to the way we have been living or the way we think it should be.
